OUTDOOR LIVING® 

## CONCORD™ STEEL RAILING

PRODUCT INFORMATION

Offering the strength of steel in a traditional and timeless style, Concord Steel Railing is a good choice for both residential and commercial installations. Available in textured matte black and hammered bronze finishes and with brackets that easily allows a deck board to be added to create a flat, “cocktail rail.”

## FEATURES & BENEFITS

- Panels with square vertical balusters are factory welded
- Pre-attached brackets on posts make level installation easy and ensure consistent bottom spacing
- Deck top brackets allow for installation of a deck board to create a “cocktail rail”
- Premium powder coating provides maximum durability
- 15 Year Limited Warranty

## SOLARGUARD®

SolarGuard is a material composition that provides fade resistance\* so that your outdoor living products will look good for years to come.
